Little Rocket's Trip

From: Fingertales by Joan Hilyer Phelps

A little rocket *Place rocket on board.*
Roared off one day *Move rocket upward.*
On a trip into space,
So far away.

While zooming about
He saw some stars *Add several stars to board.*
Then he circled around
The planet Mars. *Add Mars.*
He saw planet Saturn, *Add Saturn.*
And the man on the moon, *Add the moon.*
Then he saw planet Earth, *Add Earth.*
And back home he zoomed! *Lower rocket to bottom of board.*
